POST PASS

POST Authentication and Secure Services

PASS is the new, better way to sign into POST Websites.

3 Things to Know

1. PASS **simplifies access** to POST's online services:
   - Sign-on is being consolidated into a single user-name and password

2. PASS allows POST to deliver **personalized information** of interest to specific users:
   - Users may optionally link their POST IDs to their PASS accounts, to obtain instant access to their personal:
     - POST Profiles
     - CPT Status
     - Customized messages for their region, position, etc.

3. PASS **improves security:**
   - Based on industry standards, and reduces the number of account and password databases

PASS Will Arrive in Stages

- **Currently Available:**
  POST Website, Online POST Profiles, CPT, Professional Certificates, Learning Portal, EDI, Course Catalog
- **Coming in late 2016:** Basic Course Website
