Authority and Reference

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code Section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code Section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

Informative Digest/Policy Statement Overview

State Controller conducted an audit and advised POST staff the manner in which indirect costs were being calculated pursuant to Regulation 1054 was not consistent with the Controller's recommended format. POST was advised to limit charges for indirect costs to salaries for instructors, coordinators and clerical staff and travel for instructors and coordinators. Government Code Section 17557 (d)(2)(C), (D), (E), and (F) requires guidelines for reimbursement. This proposed amendment to Regulation 1054 clarifies what constitutes reimbursable and non-reimbursable activities. POST implemented the Controller's recommendation; however the regulation was not amending to reflect the practice. An examination of Regulation 1054 found minor changes that could be made to reflect current practices and provide clarity to POST staff and agency presenters.

Adoption of Proposed Regulations

Following the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available at least 15 days before adoption to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date that the revised text is made available.

Affect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no affect on housing costs.

Assessment

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the state of California, nor result in the elimination of existing businesses or create or expand businesses in the state of California.

Consideration of Alternatives

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to affected private persons than the proposed action.
