

## **INITIAL STATEMENT OF REASONS**

### **Commission Regulations 1005, and 1018 Amend *Training Specifications for Public Safety Dispatcher Basic Course***

The Commission on Peace Officer Standards and Training (POST) proposes to amend Regulations 1005, and 1018, and the document *Training Specifications for Public Safety Dispatcher Basic Course* to address the following changes:

- Make additional updates to curriculum as part of an ongoing review

All changes to curriculum begin with recommendations from dispatchers or in some cases, via legislative mandates. POST then facilitates meetings with curriculum advisors and subject matter experts (SMEs) who recommend changes to existing curriculum. The Commission approved them at the October 28, 2010 Commission meeting, subject to the Notice of Proposed Regulatory Action process.

#### **Justification – Regulation 1005 & 1018**

New effective date updates the incorporation by reference statements for historical accuracy.

#### **Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, Including Small Businesses**

The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will have no effect on California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement and does not impact California businesses, including small businesses.

#### **Cost Impacts on Representative Private Persons or Businesses**

The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with this proposed action.

#### **Assessment**

The adoption of the proposed regulation amendments will neither create nor eliminate jobs in the state of California and will not result in the elimination of existing businesses or create or expand businesses in the State of California.

**INITIAL STATEMENT OF REASONS**

**Commission Regulations 1005, and 1018 Amend *Training Specifications for Public Safety Dispatcher Basic Course***

**Considerations of Alternatives**

To take this action, the Commission must determine that no reasonable alternative considered by the Commission or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to effected private persons than the proposed action.
